SUMMER

BUSINESS CONTINUITY PLANNING

WHAT IS BUSINESS CONTINUITY PLANNING?

Plan developed by individual businesses to cope with interruptions that may have serious impacts on the viability of their business.

TYPICALLY INTERRUPTIONS CAN INCLUDE:

- Loss of key staff
- An emergency such as bushfire or flood
- A fire and/or flood within your premises
- Disruptions with your key suppliers
- Prolonged cut in electricity and/or water supply
- Change in government policy
- Increase in interest rates
- Loss of record

Every business has its own unique risks as well as risks that affect a large number of businesses.

HOW WILL BUSINESS CONTINUITY PLANNING HELP?

You will need to:

1. Identify your risks
2. Look at how they can be controlled
3. Develop a strategy you can use to overcome the interruption

WHAT ARE THE OPPORTUNITIES FOR BUSINESSES IN ALPINE SHIRE TO DEVELOP BUSINESS CONTINUITY PLANS?

A series of FREE workshops are programmed across the shire.

Registrations can be made by calling: Goulburn Murray Hume Agcare Ltd. Ph: 1300834775 or Jan Mock, Alpine Shire Council, 03 5755 0575
