Residents in Victoria rely on volunteers from both the Country Fire Authority (CFA) and the State Emergency Service (SES) to help keep us safe during an emergency.

What do these organisations offer volunteers?

• **CFA: Volunteering with CFA is not just about firefighting**

  Volunteer roles at CFA include:
  
  - Operational roles
  - Firefighting crew leadership
  - Communications and emergency response
  - Pump Operator
  - Incident Controller
  - Delivering community education

  Benefits of being a CFA Volunteer:
  
  - Develop leadership and people management skills
  - Learn new skills and receive accredited training eg truck driving licence, first aid training
  - Meet new friends
  - Contribute to your community

• **SES provides emergency assistance to thousands of Victorians every year.**

  Volunteer roles at SES include:
  
  - General rescue in response to flood, storm, tsunami and earthquake
  - Rescue from road incidents
  - Operating rescue boats
  - Search and rescue in urban and other environments
  - Managing and directing traffic during emergencies
  - Using specialised rope rescue equipment
  - Administration and finance
  - Fundraising
  - Media and public relations
  - Community education

  Benefits of being a SES Volunteer:
  
  - Serve your community
  - Make lifelong friends
  - Personal and professional growth
  - Ongoing support
  - Recognition of service

Do you Volunteer?

ROO HAVE YOU EVER THOUGHT ABOUT JOINING THE CFA OR SES?
